3. Why should we trim our nails?

Ans:- We should trim our nails weekly because disease causing germs live in the nails.

4. How should we care our ~~face~~ eyes?

Ans:- We should wash our eyes with cold water many times in a day. We should not rub our eyes with hands or dirty cloth. It may cause infection.

5. Why should we clean our skin?

Ans:- We should bathe daily to clean dust and sweat from our skin. The tiny pores of the skin will close then waste products from our body will not be removed properly.
