★ Comparison of numbers

\Rightarrow Rule 1: A 2-digit number is bigger than a 1-digit number.

$$24 > 7 \quad 16 > 9 \quad 5 < 45$$

- Ring the bigger numbers.

4 (32) | (65) 9 | (26) 8 | 5 (81)

\Rightarrow Rule 2: In 2-digit numbers, compare their tens place. Number having larger tens digit is bigger.

$$36 < 53 \quad 92 > 85 \quad 41 > 14$$

- Ring the bigger number.

88 (99) | (51) 39 | 24 (61) | 45 (72)

\Rightarrow Rule 3: In 2-digit numbers, if tens place is same, compare their ones place number having larger ones digit is bigger.

$$53 < 59 \quad 98 > 95 \quad 21 < 26$$

- Ring the bigger number.

(85) 81 | 44 (49) | 60 (64) | (38) 32
