

Chapter 3

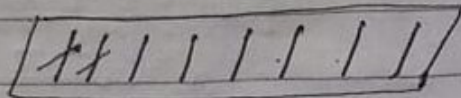

Class 1

Pgno. 31

Sub Math

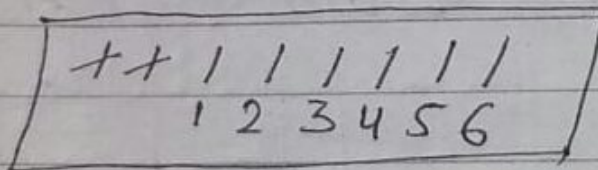

- Step 2: Then, we cancel two lines for 2.

$$\boxed{8} - \boxed{2} = \boxed{\phantom{0}}$$

- Step 3: Finally, we count the remaining lines and write.

$$\boxed{8} - \boxed{2} = \boxed{6}$$

Or,

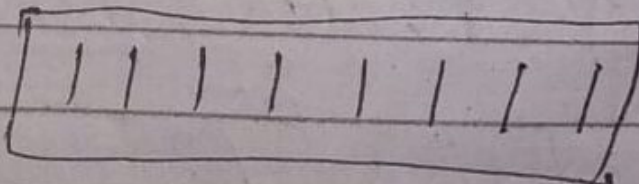

- Step 1: First, we write the numbers vertically.

$$\begin{array}{r} 8 \\ - 2 \\ \hline \end{array}$$

- Step 2: We draw eight lines.

$$\begin{array}{r} 8 \\ - 2 \\ \hline \end{array}$$
