

Roll No. 30  
Class 3 II

Sub 3 Math  
Chapter 3

\* Suppose, we have to subtract 45 from 72.

Tens	Ones	
⑥	②	
7	2	→ Minuend
- 4	5	→ Subtrahend
2	7	→ Difference

So,  $72 - 45 = 27$

To verify our answer, we will add the difference and the subtrahend. The sum should be minuend.

Tens	ones
①	
2	7
+ 4	5
7	2

The sum is 72, hence our subtraction was correct.
