

4. Cultural diversity is not just a natural fact that we should recognize and respect. It is about diversity of knowledge, wisdom and energy which all contribute to improving and moving the world forward. So cultural diversity is our collective strength.

E. 1. **Cultural diversity is a fact** : The world has some 6000 communities and as many distinct languages. Such difference naturally leads to diversity of vision, values, beliefs and expression.

**Cultural diversity is our everyday reality** : The international migration rate is growing fast every year.

2. Religion play a great role in people's lives. It dictates what they eat, where they live, what they wear, who they marry and how they think.

3. Globalization has affected the culture in many ways. They are :

(a) By highlighting the culture of economically powerful nations, has created new forms of inequality.

(b) States are increasingly unable to handle to their own the cross-border flow of ideas, images.

(c) The growing divide in literacy have made the cultures debates and resources the monopoly of the powerful and the rich class.
